

WEATHERHEAD SCHOLARS PROGRAM 2022–2023

The Weatherhead Scholars Program offers visiting faculty, postdoctoral researchers, and experienced practitioners the opportunity to spend up to one year at Harvard conducting comparative international research. During their time in residence, Scholars are expected to participate in the biweekly Weatherhead Spotlight and in the program's Scholars' seminar; contribute to the Center's many intellectual activities, including our research clusters; and engage with the undergraduate and graduate student communities.

Erin Goodman is the Scholars Program director. The program offices are located at 61 Kirkland Street.
